

Courteous reader,

Astrology is one of the most ancient sciences, held in high esteem of old, by the Wise and the Great.

formerly, no Prince would make War or Peace, nor any General fight in battle, in short, no important affair was undertaken without first consulting an Astrologer.

Benjamin Franklin

Cover: Eos ~ ("dawn") in Greek mythology, the Titan goddess of the dawn, who rose from her home at the edge of Oceanus to herald her brother Helios, the sun. As the dawn goddess, she opened the gates of heaven (with "rosy fingers") so that Helios could ride his chariot across the sky every day.

Eos ~ 1895 by Evelyn De Morgan (British 1850-1919)
