Get in Touch with
your Passion...

A Workshop about Life Processes...

In our 'fast-paced' world we are bombarded with the needs and expectations of our family, friends and work ~

which can sometimes leave us feeling bereft for our own nurturing and emotional fulfillment. Are you ready to fulfill your needs?

"Get in touch" with your Passion ~ we'll help you "ask the right questions to "open the doorway to success" and bring meaning and purpose to your life!

This workshop "puts everything together" in an "action plan" to make decisions which will change your life.
